DETAILED ACTION

1. This Office Action is in response to communication filed on July 25, 2006. This amendment has been entered and carefully considered. Claims 1, 8, 13 and 22 are amended and claims 28-35 are cancelled. Therefore, claims 1-2 and 3-27 are currently pending in this application.
2. Claims 1-2 and 3-27 are allowed and renumbered as 1-11, 14-26 and 12-13, respectively.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

The prior arts of record do not teach nor suggest, either alone or in combination, all the limitations of the amended claims of the current invention (claims 1, 8 and 13); particularly a microprocessor is configured to retrieve the cache tag and the corresponding cache data from the bank of general purpose random access memory over a common set of bus lines such that at least one bus line of the common set of bus lines is used to retrieve both the cache tag and the corresponding cache data, as claimed in independent claims 1 and 8; and a microprocessor comprising an address transformation circuit that translates the memory address supplied by the central processing unit into a first address for retrieving a cache tag from an external cache memory, and into a second address for retrieving cache data from the external cache memory, the second address being different from the first address, wherein the

microprocessor is configured to use the first address to retrieve the cache tag from the external cache memory, and to then use the second address to retrieve the cache data from the external cache memory, as claimed in independent claim 13.

Claims 2, 4-7, 9-12 and 14-27 further limit the allowable independent claims. These claims are therefore allowable for the same reason as set forth supra.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
